## Education

**Tecnicatura Universitaria en el Desarrollo de Aplicaciones Informáticas (TUDAI)** **2021 - Present**  
UNICEN, Tandil, Buenos Aires, Argentina

### Here i learned to:

- Work as a team, assuming tasks and responsibilities within a group.
- Comprehensive training, understanding theoretical concepts within the analysis of real cases.
- Ability to update on new technologies, methodologies and tools related to systems development.

**Projects carried out at the university in <https://github.com/juanisuarez28>**  
**Academic average: 8.19**

**Frontend bootcamp in Angular** **Jun 2023 - Sep 2023**  
Lamansys, Tandil

With a couple of classmates, we created "Agile Flow" to be used as a tool for project management, inspired by applications like Jira or Taiga.  
**<https://agile-flow-bootcamp.vercel.app/login>** (User: juanis, Password:1234)

**Nivel Secundario** **2015 - 2020**  
Escuela Secundaria Nº10 "GRAL. JOSÉ DE SAN MARTIN", Tandil, Buenos Aires, Argentina

**Bachelor's degree in foreign languages (English, French and Portuguese).**

## Employment

**Administration / Cashier** **2020 - 2023**  
Restaurant "Come Cabrón", Tandil, Buenos Aires, Argentina  
**In charge of making collections, controlling income and paying salaries.**
